Fax: 086 - 659 7617 / 086 - 659 7600  
Mobile: 082 - 419 4757 (Kappie)  
E-mail: globalinternational@webmail.co.za

**Application To Upgrade Your Capacity Charge**

Once the upgrade has been completed, Global International Meter Services CC must be notified thereof and a staff member will be sent to inspect the installation. Once the installation has been approved, the capacity charge will be adapted accordingly.

I understand and agree that on vacating the premises, the old original circuit breaker that was removed - must be re-installed to the initial installation when I moved in at my own cost.
